CABERNET
SAUVIGNON

CALIFORNIA

2019

WINEMAKING NOTES

Mind & Body Cabernet Sauvignon is crafted using traditional winemaking methods and French and American oak to achieve bright cherry aromas and a soft mouthfeel. Once the wine is crafted, a small portion of this wine goes through state-of-the-art spinning cone technology to remove alcohol while safeguarding the fragile wine aromas and flavors. The finished wine is a delicious, lower alcohol wine with 25% less calories and half the sugar of the original wine.

TASTING NOTES

Dark, enticing aromas of ripe blackberries and juicy raspberries. Notes of green olive, dried herbs and vanilla complement robust black cherry flavors. This wine is full-bodied with a smooth, rounded finish.

MIND & BODY

PINOT GRIGIO

CALIFORNIA

2019

WINEMAKING NOTES

Mind & Body Pinot Grigio is crafted using traditional winemaking methods. The wine is cold fermented and aged in stainless steel tanks to retain its crisp acidity. After the initial winemaking process is complete, a small amount of finished wine is separated and passed through a state-of-the-art spinning cone machine that gently removes the alcohol while preserving the wine's crisp flavors and floral aromas. This alcohol-removed wine is then blended back into the traditional wine resulting in a final blend of delicious, reduced-alcohol wine with 30% fewer calories and half the sugar of the original wine.

TASTING NOTES

Light, crisp and refreshing, bursting with tropical fruit flavors and aromas. Delicate floral notes mingle with ripe pear, peach and melon on the nose, leading to bright citrus, white peach and tropical fruit flavors.
