Valentine's Day Dinners and Delights in Sonoma County

"Guerneville's Korbel winery will host its annual **Bubbles & Bonbons** tasting experience throughout February. The 21-and-over tasting will feature four Korbel Champagne samples paired with bonbons from Fleur Sauvage Chocolates."

94 Points for Korbel 2021 Natural' from [Wine Review Online](#) (aud: 9k)

94 Points

"Many consumers dismiss their [Korbel] sparklers as "wedding toast wines" or "supermarket standards." They aren't entirely wrong when doing so, but they are emphatically wrong regarding this particular wine, which is made entirely from 66% Pinot Noir and 34% Chardonnay fruit grown in the Russian River Valley appellation and finished with no added sweetness after disgorging in the wake of the in-bottle second fermentation.

This 2021 vintage release passes that stern test with ease, **showing very pure aromas and flavors, delicate effervescence, excellent acid balance**, and a persistent and clean finish that isn't austere seeming due to lack of sweetness because the fruit's natural acidity fulfills that function.

This bottle will net you an \$18 bubbly wine that **out-performs many sparklers** costing \$30 or more. Believe it."
